Overall college environment is very inducive for students upgradation .more focus should be on getting students for outside exposure.so for this kindly arrange most of the field visits out side India too .

the college is very supportive to students and taking good studies from students. only one suggestion from my side is to cutdown the extra co curricular activities.

Sr. No.	Feed back	Received from	Action taken
Parents Action taken Report			
1	It is possible to cut down the extra co-curricular activities so to have more focus on Academics.	Parents	Action has been taken by College Development committee and balanced schedule is formed with Academic & Co-Curricular activities.
2	Kindly work on the local site visits to avoid long distance travel specific for girls candidate.	Parents	Taking note from the parents side to try most of Technical & Industrial site visits local. But for getting more exposure sometimes need to go long distance site visits.
3	Students mentoring would be more effectively done by conducting students counselling session intermediately during academic sessions	Parents	Students mentoring committee is already formed to observe students performance.
