Student Support and Progression

Key Indicator 5.4 - Alumni Engagement

5.4.1 Registered Alumni Association that contributes significantly to the development of the Institution through various support services

**I/C. PRINCIPAL
APPASAHEB BIRNALE COLLEGE
OF ARCHITECTURE, SANGLI.**

5.4.1 Registered Alumni Association that contributes significantly to the development of the Institution through various support services-

The Appasaheb Birnale College of Architecture Alumni Association plays a vital role in the development of the institution by fostering a strong link between its graduates and current students. This association, composed of accomplished alumni from diverse architectural fields, significantly contributes to the growth of the college through various initiatives. One of its most impactful activities is organising guest lectures, workshops, and seminars, where alumni share their real-world experiences, insights, and expertise with students. These sessions provide valuable exposure to the latest trends, technologies, and practices in architecture, bridging the gap between academic learning and practical application.

By engaging in these knowledge-sharing opportunities, alumni enhance students' understanding of the professional world, offering guidance on career paths, industry challenges, and design innovation. Additionally, the Alumni Association encourages internships and collaborative projects, providing students with hands-on experience that enriches their education. Through these efforts, the association not only contributes to the academic development of students but also strengthens the college's reputation and industry connections. Ultimately, the Appasaheb Birnale College of Architecture Alumni Association plays a crucial role in shaping the future of aspiring architects, empowering them with the tools and insights needed to succeed in the ever-evolving field of architecture.
