7.1.2 The Institution has facilities for alternate sources of energy and energy conservation measures

1. Solar Energy:

Appasaheb Birnale College of Architecture is committed to sustainability and has implemented several initiatives to promote energy conservation and the use of alternate energy sources.

Solar Energy Installation: The College has installed solar panels to harness solar energy, reducing dependence on conventional power sources. This initiative not only helps in cutting down electricity bills but also reduces the institution's carbon footprint. The solar energy system is capable of powering a significant portion of the campus's energy needs, demonstrating the college's commitment to renewable energy.
