Criteria 7.1: Institutional Values And Best Practices

7.1.1 Institutional Values And Social Responsibilities

7.1.1 Measures initiated by the Institution for the promotion of gender equity during the year 2023.

Appasaheb Birnale College of Architecture (ABCA), Sangli, has been proactive in promoting gender equity and ensuring the safety and well-being of all its students, particularly women, throughout 2023. The institution has taken several key measures, including awareness campaigns, events, and the provision of gender-sensitive facilities, to foster an inclusive and safe campus environment.

Measures for Promoting Gender Equity in 2023-24

One of the key initiatives was the **Anti-Ragging Week** celebrated from **12th August 2023 to 18th August 2023**, which aimed to create a safe, supportive, and non-discriminatory atmosphere for students, irrespective of gender. During this week, the college organised several competitions to engage students and raise awareness about the harmful effects of ragging and the importance of mutual respect. These included a **Slogan and Logo Design Competition**, **Poster Making Competition**, and an **Essay Writing Competition** on the topic of anti-ragging. These activities were designed not only to promote a culture of respect and equality but also to highlight the significance of gender sensitivity in preventing ragging, especially towards female students.

Further promoting gender equity, the **Women's Day celebration** on **15th March 2024** featured prominent guest speakers, including **Dr. Aparna Dixit** and **Ar. Nandini Deshpande**, who shared their experiences and insights on women's empowerment, leadership, and overcoming gender biases in architecture and related fields. Their talks emphasised the importance of women breaking barriers and excelling in traditionally male-dominated professions, reinforcing the institution's commitment to creating an inclusive, gender-neutral space for learning and professional growth.

Safety and Security Measures for Women

ABCA has put in place robust measures to ensure the safety and security of women on campus. These include:

1. **CCTV Surveillance:** The entire campus, including common areas and pathways, is equipped with CCTV cameras to monitor activities and enhance security. This ensures that students, particularly women, feel safe and protected at all times, knowing that their surroundings are being constantly monitored.
2. **Watchman Security:** The presence of watchmen on campus, especially during late hours, adds an additional layer of safety. The security personnel are trained to respond swiftly to any emergency and provide assistance whenever required.

Facilities for Women on Campus

In terms of physical infrastructure, ABCA has designed specific facilities to cater to the needs of female students:

1. **Women's Common Room:** The college provides a dedicated **Common Room for Women**, which offers a safe and comfortable space for female students to relax, study, or engage in recreational activities. The room is equipped with essential amenities to ensure that female students have a private area where they can feel at ease and unwind.
2. **Adequate Restroom Facilities:** The campus ensures that the restroom facilities for women are well-maintained, clean, and easily accessible throughout the day, promoting a hygienic and safe environment.
3. By organising awareness campaigns, celebrating Women's Day with inspiring role models, and providing dedicated infrastructure, ABCA fosters an atmosphere of gender equality, empowerment, and safety, making it a supportive space for women students. These efforts reflect the institution's commitment to ensuring that every student, irrespective of gender, can thrive and excel in their academic and professional pursuits.

Celebration of "International Women's Day"

Aim:

International Women's Day (IWD) is to celebrate the social, economic, cultural, and political achievements of women, while also advocating for gender equality and raising awareness about the challenges and discrimination women continue to face globally. It serves as a reminder of the ongoing efforts needed to achieve gender parity in all aspects of life, including education, employment, healthcare, and representation in leadership roles.

International Women's Day (IWD) is celebrated on March 8th to recognize women's achievements and promote gender equality. The day also calls for positive change, education, and awareness about women's equality.

Celebration of women's day was carried on 15th March 2024 Friday, in college campus of Appasaheb Birnale College of Architecture, Sangli,

International Women's Day is marked by celebrating all aspects of a women's life. From being a housewife and taking care of her family to working as a professional outside home, the day aims to celebrate everything a woman does for her loved ones and for society.

Friday - 15.03.2024, Time -10:30AM – 12.30AM

Learning Outcomes:

- **Understanding Gender Equality:**
Students learn about the importance of gender equality and the need to address disparities between genders in various aspects of life, such as education, employment, and representation.
- **Awareness of Women's Contributions:**
Students gain knowledge about the significant contributions of women throughout history in areas like science, politics, arts, and social activism. They develop an appreciation for the diverse roles women play in society.
- **Critical Thinking Skills:**
Engaging in discussions and activities related to Women's Day encourages students to think critically about gender stereotypes, biases, and societal norms. They learn to analyze and evaluate information from different perspectives.
- **Empathy and Perspective-Taking:**
Learning about the challenges and experiences faced by women helps students develop empathy and the ability to understand others' perspectives, fostering a more inclusive and compassionate mindset.
- **Inspiration and Empowerment:**
Women's Day celebrations provide opportunities for students, especially young girls, to be inspired by the achievements of women role models. This can empower them to set ambitious goals for themselves and pursue their passions without limitations.
- **Promotion of Diversity and Inclusion:**
Students learn to appreciate and celebrate diversity in all its forms, including gender diversity. They understand the importance of creating inclusive environments where everyone feels valued and respected.

I/C. PRINCIPAL
APPASAHEB BIRNALE COLLEGE
OF ARCHITECTURE, SANGLI

- **Advocacy and Activism Skills:**
Through Women's Day activities, students may develop advocacy skills and learn how to speak up for gender equality and women's rights. They may also engage in activism efforts, such as organizing events or campaigns to raise awareness about gender-related issues.
- **Leadership Development:**
Students may have opportunities to take on leadership roles in planning and organizing Women's Day events. This fosters the development of leadership skills such as communication, collaboration, and decision-making.
- **Cultural Awareness:**
Women's Day celebrations often highlight the contributions of women from diverse cultural backgrounds. Students learn about different cultural traditions and gain a deeper understanding of the intersectionality of gender with other aspects of identity.
- **Community Engagement:**
Women's Day activities may involve partnerships with community organizations or service projects that benefit women and girls. This encourages students to actively engage with their communities and contribute to positive social change.

Women's Day celebrations can lead to valuable learning outcomes that promote gender equality, empower students, foster critical thinking and empathy, and inspire them to become advocates for positive change in their communities and beyond
